AWOL BAG...

GEAR BAG... GETAWAY BAG...

DUFFLE BAG...

Call it what you will, but if you travel at least once a year or plan to run away from home (with permission to cross the street of course)... then you **NEED** this baby. It has a front zippered pocket, two end-zippered pockets, **HUGE** main compartment, shoulder strap and fits anywhere... under an airplane seat or flexible enough to cram into a crowded airplane overhead storage bin. I don't leave home without it.
